① I want to be a ^{scuba} diver.

I have always loved shallow water, so I wanted to be a diver.

To do ² you need to increase

This job, ~~can do~~ practice your lung capacity. Lung capacity is essential for diving. While you can survive on an oxygen tank, having lung capacity gives you time to react if something unexpected happens. If you don't practice your lung capacity it will be very serious.

Endurance is also important.

You are not double checking your work. Many careless mistakes.
